## PROJECT OVERVIEW, FINANCIAL SUMMARY, AND STAFF RECOMMENDATION

Date: 04/28/2020

## **Project Overview:**

- Project Name / Applicant Company: Whitehall Mixed-Use Development /395 Whitehall, LLC and 409 Whitehall, LLC
- Description: 395 Whitehall, LLC and 409 Whitehall, LLC, ("Whitehall") proposes to invest \$100,000,000 to develop a mixed-use facility consisting of approximately 356 residential units, including affordable housing units, 13,604 square feet of commercial/retail space, and approximately 377 parking spaces (the "Project"). Whitehall is located on a 1.66-acre parcel at 395 and 409 Whitehall Street, just blocks from Interstate 20, between US-41 and the Garnett MARTA station in the City of Atlanta. The Project is a major Brownfield site as parcels were formerly owned and operated by Simmons Metal Plating Works, Inc. ("Simmons") from the 1950's to 2002. Simmons abandoned the property in 2002, leaving certain hazardous materials and wastes on the site, and the Environmental Protection Division ("EPD") has since listed the parcels on its Hazardous Site Inventory. The proposed Project would not only remediate the physically hazardous and aesthetically unappealing state of the project site, but would also transform abandoned, underused parcels into a development that brings economic vitality to this underutilized urban corridor that connects Downtown Atlanta to Interstate 20. The proposed development would serve as a secure, attractive, high quality environment with new amenities including a grocery, cleaners, café and entertainment amenities for the residents and tenants. Whitehall understands and commits to fully adhere to the requirements of the City of Atlanta's Affordable Housing Ordinance. As a result, Whitehall proposes to provide 15% of the residential units at 80% of AMI, as defined by the City of Atlanta Office of Housing.
- Jurisdiction: Fulton County, City of Atlanta, Atlanta Public Schools.
- Proposed capital investment: \$100,000,000.
- Proposed job creation: 31 permanent retail and property management jobs and 73 temporary construction jobs.

### **Community Impacts:**

- The Project offers the following benefits to Fulton County and its citizens:
  - Creates approximately 73 temporary construction jobs and 31 permanent jobs and provides a \$100,000,000 capital investment on parcels with a current fair market value of \$652,100.
  - Substantially increases real and personal property tax revenues. The 2017 taxes are \$11,257.
     Tax anticipated in year one after incentive amounts to \$861,980.
  - Increases in sales and use taxes and business license revenues received by Fulton County and the City of Atlanta.
  - Provides widened sidewalks and trails, pocket parks, outdoor gathering places, a detention pond, grocery and entertainment, and infrastructure and system improvements.

#### **Incentives Need:**

 Whitehall has indicated that the incentive will help to mitigate the approximately \$23.5 million of higher costs associated with environmental remediation, zoning requirements and additional obligations imposed in connection with the Project's special administrative permit process with the City of Atlanta. This in turn will make an investment in the project more attractive and more feasible.

## **Project Financial Analysis:**

## Total Impact of Investment (\$millions) During 10-year Period Anticipated additional total taxes due to the investments made by: Whitehall Mixed-Use Development: \$12.4M

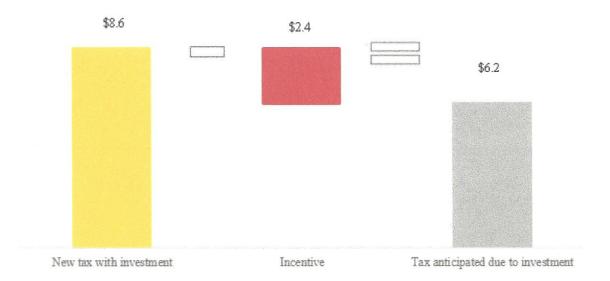

### **Economic Contribution:**

The Project will support 73 direct construction jobs and 31 permanent jobs. The overall economic impact when this development is completed is estimated to be \$198,083,448 based on the IMPLAN Model for Fulton County.

## School Impact of Investment (\$millions) During 10-year Period Anticipated additional Atlanta Public Schools taxes due to the investments Whitehall Mixed-Use Development: \$6.2M

The impact of the Project on Atlanta Public Schools is anticipated tax of \$6.2 million over the 10-year incentive period. The Project would expect to contribute \$8.6 million, before incentives, during the 10-year period. After subtracting the incentive of approximately \$2.4 million, the net impact is approximately \$6.2 million. By comparison, this \$6.2 million anticipated new tax, amounts to nearly 110 times the total which might be anticipated based on the 2017 tax collected of \$5,662 annually and \$56,620 over the same 10-year incentive period.

### **Staff Recommendation:**

As a result of the above analysis, DAFC Staff & CEO recommend approval for final bond resolution for the following reasons:

- \$100 million in new capital investment.
- \$12,369,336 in estimated new property taxes generating nearly 110x what would otherwise be collected over a 10-year period.
- The incentive will primarily help to offset the extremely high costs associated with the environmental remediation, zoning requirements and additional obligations imposed through the permitting process.
- Helps making an investment in the project more feasible and attractive.
- Investment will spur one-time economic contribution of 73 contruction jobs.
- The Project's overall economic impact upon completion is projected to be \$198,083,448.
